

Our premiere up light luminaire is built to last a lifetime but priced for the value-conscious project owner. Milled from solid billet brass, this is the best choice for applications that demand extreme durability and high performance. A wide range of filters and glare control devices allow the lighting designer to shape the beam for precise light painting of any fine exterior.

LO: Up Light

Years of Strength

For centuries, brass has been the material of choice for harsh outdoor environments. With its corrosion resistance and ability to incorporate fine mechanical details, solid brass is the perfect material for the most demanding lighting applications.

Note: This fixture is designed for up lighting only.
