The PD is a larger version of the UN designed to illuminate areas where path lights or down lights are impractical, such as walkways, stairways, and decks.

Quick Facts
- Die-cast aluminum construction
- Two-layer marine-grade anodization and powder coat finish
- Cree® integrated LEDs
- ProAim® adjustability
- Tamper-resistant features
- Color temperature filters
- Compatible with Luxor® technology
- Phase and PWM dimmable
- Input voltage: 10-15V
FX Luminaire
FX Luminaire is an industry-leading manufacturer of landscape and architectural lighting products with a focus on the advancement of LED technology and digital lighting control with zoning, dimming, and color adjustment capabilities. We offer a full spectrum of specification-driven lighting fixtures that can be utilized to create elegant, cutting-edge landscape lighting systems for commercial or residential applications. Our products are available exclusively via our extensive professional distributor network.

Materials
Die-cast C360 brass faceplate, A380 aluminum housing, PBT construction box/sleeve, and stainless steel hardware.

Lamp
G4 lamp base. Preinstalled T3 LED lamp option with G4 base offers a warm 2,700K color temperature with a minimum rated life (L70) 33,000 hours.

Wiring
8 AWG (1 mm), SPT-1W; 202°F (105°C), 300V, 10' (3 m) length.

Optics
Polycarbonate color temperature adjustment lenses included with fixture: 2,700K (preinstalled), 3,900K (no lens), 4,500K and 5,200K options specified separately. Color temperature lenses field serviceable.

Socket
Socket contains MoistureBlock™ technology, preventing moisture from wicking up into sealed areas of the fixture.

Power

Housing
Die-cast aluminum housing with capacity for two G4 LEDs.

Faceplate
Die-cast brass faceplate with textured polycarbonate lens.

Hardware
Tamper-resistant stainless steel fasteners included.

Construction Sleeve
Vertical and horizontal ½" (13 mm) NPT knockouts. Sleeve protector included, preventing caving during wall fabrication.

Lens
Polycarbonate lens with shock resistance and high tolerance for thermal expansion and stress.

Finish
Options of natural brass finish or TGIC powder coat finish.

Ambient Operating Temperature
0°F to 140°F (-18°C to 60°C)

Weight
3.6 lbs. (1.6 kg)

IES Classification
Type IV

International Compliance
Compliant per IEC 60598-1 and IEC 60598-2-7 when used with International Wall Kit (“EXITWALL”).

Warranty
10-year limited warranty on fixture.

Control
Luxor zoning and dimming technology with use of Luxor Cube (LCM-LV). Luxor technology allows up to 250 groups, dimmable in 1% increments between 0 and 100%.

Sustainability
Innovation meets conservation in the design and manufacturing of our products. Where we can, we use recycled materials while maintaining superior functionality. Our LED products provide high-quality light at optimal energy efficiency, lifespan, and durability.

Installation Requirements
Designed for recessed installation in a vertical wall in the down lighting position only.

Manufacturing
9001:2015 ISO certified facility

Listings

Perfectly Level, Every Time
The LevelX system allows the composite sleeve to be up to ⅜" (9.5 mm) out of level, in either direction, while still allowing the faceplate to be laser level.

The secret: The trim attaches to the adjustable reflector assembly—not the composite sleeve or body. Heavy foam gasket keeps light spill to a minimum.
## PD Wall Light
