EXPAND YOUR
NIGHTTIME LIVING SPACE

LANDSCAPE LIGHTING

Visit fxl.com

Outdoor landscape lighting is an affordable way to beautify your home without costly renovations. A professionally-designed low voltage lighting system will use a variety of up lights, down lights, path lights, wall lights, and specialty lights to enhance your property by illuminating your entrances, walkways, and entertaining areas.

Get in touch with your local lighting contractor for a free consultation and see how a new lighting system can make the most of your outdoor space.
